

CAMCHAD Engineering

Excellence in
Pipe Fitting, Fabrication and Coded
Welding, Aluminum Welding, Tanker
Repairs, Stainless Steel Work ***“DOING
WHAT COMES NATURAL”***

INTRODUCTION

CAMCHAD Engineering was established in March 2004, with the vision to implement best practice in the fabrication fraternity. We take pride in what we do, and always have the client's best interest at heart. Giving our clients advice to the best of our ability.

Our services come with highly qualified and trade tested boilermakers. Exerting determination and excellence in execution. We have adopted a flexible approach in the way we execute the work we do. The team is able to manufacture in house as well as conduct and conclude work offsite. Providing solutions that are tailor made for our clients.

CAMCHAD is registered with MEIBC, SEESA and has been coded to ASME IX and in the discipline of GTAW and GMAW. The magnitude of the projects we have executed varies from R25 000.00 to R 1 200 000.00.

CAMCHAD Engineering has been operating from a strong foundation of upholding honesty, integrity and taking pride in the work that we do.

“Doing What Comes Natural”

VISION

To continuously breathe life into steel and through our passion for engineering ensure seamless processes that yield growth. Making engineering appealing for generations to come, thus encouraging an interest in the field to previously disadvantaged.

MISSION - aims and objectives - rework on Mission

To upgrade current fabrication machinery
To install an overhead crane in workshop
Value and enrich each team member with continues training.

Become a well-known respected company in KZN
